COVID Immunity Research Study

The Nikolich Lab is conducting studies at the University of Arizona to understand immune responses to **SARS-CoV-2** and the **COVID** vaccines. If you are over the age of 18 and have had COVID, confirmed by a positive COVID-19 PCR test, and/or if you are planning to be vaccinated you may be eligible to donate blood for our research study.

Are you eligible?

- Ages 18 years and over
- No history of cancer or organ transplant in past 5 years
- HIV negative
- Matches following conditions:
 - Had COVID-19, confirmed by a positive PCR test
 - Are planning to receive a COVID vaccine or booster
 - Are fully vaccinated and experienced 'breakthrough' COVID infection
 - Are experiencing long-COVID (PASC)

Eligible participants will be compensated \$25 for participation in the study.

If you would like to volunteer for our study, please contact:

Eileen Olaiz: 520-257-9184 (eileenolaiz@arizona.edu)

Osman Adam: 520-626-4430 (oadam@arizona.edu)

Grecia Frisby: 520-474-2578 (gfrisby@arizona.edu)

The University of Arizona Institutional Review Board has reviewed this research study and insured that it follows University of Arizona, state and federal regulations that protect the rights of research participants. Research is always voluntary. Though you will be compensated for your time, there will be no direct benefits to you if you take part in the study.
